These trips will allow us to visit people or places of interest, to become familiar with the environment around us, trips to look at trees, flowers, animals, etc. Quiet walks throughout the seasons help the children develop an awareness of physical changes around their child care neighbourhoods. Summer Care 2025

Hello Families,

Summer is fast approaching and we are starting to think about contracts for your summer care with us. Due to the extensive planning on our end, we require these contracts to be submitted by **Monday, May 12th**. Any contracts received after this date will not be guaranteed care until we have the chance to account for available spaces. Any contracts that are handed in late will be dated and available spaces will be granted in the order they are received.

As has been past practice, Discovery Early Learning & Care has, on occasion, had to combine sites during the summer months to accommodate renovations, maintenance of floors or just to better utilize staffing and keep programs financially viable. In the event that care will be affected at any of our sites we will notify you as soon as possible.

The last day of school is Friday June 27th and our **FDK & School Age programs will be closed Monday June 30th**. Please note that June 30th is not part of this summer contract. If your infant, toddler or preschool child does not require care on June 30th, please email your Program Supervisor with a proper two-week notice to cancel care for that day. Discovery Early Learning & Care will be closed on Tuesday July 1st in recognition of the statutory holiday and our summer contracts will begin Wednesday July 2nd.

Policy for Summer Full Time Care

Full time care is classified as 16+ days per month. If you do not know your vacation schedule at that time but will be using most of the summer please submit your summer contract with as much information as possible by **Monday, May 12th** to guarantee summer care. With two week's notice you are still able to make changes as required without being charged.

Policy for Summer Part Time Care

Part time care is classified as 1-15 days per month. We understand that some families who require part time care will only receive their work schedules on a weekly basis. Please submit your summer contract, signed, with as much information as possible by **Monday, May 12th** to guarantee summer care. If you have chosen to submit your schedule weekly, all schedules must be submitted to your site by Wednesday of each week to confirm care for the following week.

Policy for Call in Care

Call in families will continue to take their chance and call in for care as needed. Call in care is booked by calling in the morning of your requested day or the Monday of the week you are requesting care. Call In care does not mean that you automatically have a space for the days requested and you may be refused care if there are no spaces available for that specific day. Using care on a call-in basis does not guarantee you a full-time space in September.

Continued Summer Care 2025

Policy for Termination of Care

Families who wish to discontinue services for the summer are required to fill out the appropriate section on the attached summer care form at least two weeks (14 days) in advance of the discharge date. All fees owing to the day care must be paid prior to leaving the program. A 4% monthly interest fee will be added to accounts left in arrears and the account will be sent to collections.

If you have any questions while completing the attached contract, please speak with the Program Supervisor at your site.

Looking forward to a great summer!

Sincerely,

Jessica Carroll

Summer Contract 2025

As a Summer Care Contract Parent/Guardian, I understand that I will be billed according to usage based on the current fee schedule and that payment is due by the 15th of each month. If payment is not received by the 15th, an automatic two weeks' notice will be given, and termination will be imminent on the last day of the month if payment is not received. Payments can be made through your bank by adding Discovery Early Learning & Care as a payee. When paying online, please be sure to pay invoices for each child separately referencing their unique account number that can be found beside their name on their invoice. A 4% monthly interest fee will be added to overdue accounts. A two-week (14 day) notice is required by either party to terminate this agreement, without proper notice you will be billed two weeks of care after the termination date. With regards to part time schedules, all schedules must be submitted no later than Wednesday by 4:00pm for the following week. If we do not receive schedules prior to this time, we cannot guarantee a space. Any scheduled day not used for any reason will still be invoiced, unless proper notice of two weeks (14 days) is provided in advance of the requested change.

I understand that there may not be alternate dates available if I try to change the dates previously booked. Alternate dates will only be given if available. I understand that I will be charged for any days not utilized during my requested weeks due to illness, other holiday arrangements, or absenteeism for any other reason. Any additional time requested for care will be on a first come basis and based on availability during the week.

This contract is in effect from Wednesday July 2nd to Friday August 29th, 2025.

Child, Youth and Family Services Act, 2017 (CYFSA)

Dear Parent/Guardian:

Thank you for choosing our child care program for your child. We want you to know that we take our responsibilities for your child's welfare very seriously. The Child, Youth and Family Services Act, 2017 (CYFSA) dictates many obligations for the children in our care. We are compelled to adhere to this act. Please take the time to carefully read the following information.

Child, Youth and Family Services Act, 2017 (CYFSA)

The Child, Youth and Family Services Act, 2017 (CYFSA) recognizes that each of us has a responsibility for the welfare of children.

Section 125 of the CYFSA states that the public including professionals who work with children, must promptly report any suspicions that a child is or may be in need of protection to a Children's Aid Society. The CYFSA defines the phrase "child in need of protection" and explains what must be reported to a society. It includes physical, sexual and emotional abuse, neglect, and risk of harm (CYFSA s.125 (1)).

As professionals in the field of Early Childhood Education, Discovery Early Learning & Care employees, management and directors, are obligated to contact the Children's Aid Society of the Districts of Sudbury and Manitoulin (CAS) under Section 125 (1) of the Child, Youth and Family Services Act, 2017, if we have reasonable grounds to suspect one of the following:

The child has been sexually abused or sexually exploited by the person having charge of the child or by another person where the person having charge of the child knows or should know of the possibility of the child knows or should know of the possibility of sexual abuse or sexual exploitation and fails to protect the child.**

Child, Youth and Family Services Act, 2017 (CYFSA) continued on the next page.

Continued Child, Youth and Family Services Act, 2017 (CYFSA)

5. The child requires treatment to cure, prevent or alleviate physical harm or suffering and the child's parent or the person having charge of the child does not provide the treatment or access to the treatment, or, where the child is incapable of consenting to the treatment under the Health Care Consent Act, 1996, refuses or is unavailable or unable to consent to, the treatment on the child's behalf.
6. The child has suffered emotional harm, demonstrated by serious,
 - i. Anxiety
 - ii. Depression
 - iii. Withdrawal
 - iv. Self-destructive or aggressive behaviour, or
 - v. Delayed development,and there are reasonable grounds to believe that the emotional harm suffered by the child results from the actions, failure to act or pattern of neglect on the parts of the child's parent or the person having charge of the child.
7. The child has suffered emotional harm of the kind described in subparagraph 6 i, ii, iii, iv, or v and the child's parent or the person having charge of the child does not provide services or treatment or access to services or treatment, or, where the child is incapable of consenting to treatment under the Health Care Consent Act, 1996, refuses or is unavailable or unable to consent to, treatment to remedy or alleviate the harm.
8. There is a risk that the child is likely to suffer emotional harm of the kind described in subparagraph 6 i, ii, iii, iv, or v resulting from the actions, failure to act or pattern of neglect on the part of the child's parent or the person having charge of the child.
9. There is a risk that the child is likely to suffer emotional harm of the kind described in subparagraph 6 i, ii, iii, iv, or v and the child's parent or the person having charge of the child does not provide services or treatment or access to services or treatment, or, where the child is incapable of consenting to treatment under the Health Care Consent Act, 1996, refuses or is unavailable to consent to, treatment to prevent the harm.
10. Continued Child, Youth and Family Services Act, 2017 (CYFSA)

12. The child is younger than 12 and has killed or seriously injured another person or caused serious damage to another person's property, services or treatment are necessary to prevent a recurrence and the child's parent or the person having charge of the child does not provide services or treatment or access to services or treatment, or, where the child is incapable of consenting to treatment under the Health Care Consent Act, 1996, refuses or is unavailable to consent to treatment.
13. The child is younger than 12 and has on more than one occasion injured another person or caused loss or damage to another person's property, with the encouragement of the person having charge of the child or because of that person's failure or inability to supervise the child adequately.

Other sections of the CYFSA provides information to questions for consideration that help guide the reporting process.

What are "Reasonable Grounds" to suspect child abuse or neglect?

- Reasonable Grounds refers to information that an average person, using normal and honest judgment, would need in order to decide to report.

What is the age of the children to whom the "Duty to Report" applies?

- Applies to any child who is, or appears to be, under the age of 18 years. A professional, or member of the public, who is concerned that a 16 or 17 year old is or may be in need of protection may, but is not required to, make a report to CAS and the CAS is required to assess the reported information. (CYFS, s.125 (4)).

What does "Ongoing Duty to Report" child abuse or neglect mean?

- Even if a report has previously been made, you must make a further report to the CAS if there are additional reasonable grounds to suspect that the child is or may be in need of protection. (CYFSA s.125 (3)).

Do I have to "Report Directly"?

- You have to report directly to the CAS and not rely on anyone else to report on your behalf. (CYFSA s.125 (3)).

Do Professionals and officials have any special responsibilities to report?

- CYFSA recognizes that people working closely with children have a special awareness of the signs of child abuse and neglect, and a particular responsibility to report their suspicions. Any professional or official who fails to report a suspicion is liable of conviction to a fine of up to \$5,000, if they obtained the information in the course of their professional or official duties.

Who does the CYFSA consider a person who performs professional or official duties?

- Health care professionals, including physicians, nurses, dentists, pharmacists and psychologists
- Teachers and school principals
- Social workers and family counsellors
- Religious officials
- Operators or employees of a child care centre or home child care agency
- Youth and recreation workers (not volunteers)

Child, Youth and Family Services Act, 2017 (CYFSA) continued on the next page.

Continued Child, Youth and Family Services Act, 2017 (CYFSA)

- Peace officers and coroners
- Child and youth service providers and employees of these service providers
- Any other person who performs professional or official duties with respect to a child

In addition to the professionals and officials outlined above, directors, officers or employees of a corporation also have a legislated duty to report if they have knowledge that a child may be in need of protection (CYFSA s.125 (8)).

Early Learning & Child Care Registration Package Consent

Child & Community Resources (CCR) is a non-profit community agency that supports inclusive quality programs for all children in the early years. The Inclusion Support Program team, a department of CCR, facilitates the inclusion of all children in licensed Early Learning and Child Care (ELCC) programs through a team of trained Resource Consultants working with and alongside your child's educator. The Resource Consultant is a part of the childcare team who works alongside educators to support the participation of all children in the program through activities, implementation of strategies, and at times child and educator specific goal setting.

As part of the relationship with your child's program, a consultant is on site interacting with program teams and children within the playrooms. The following services are provided:

- Collaborate with educators to increase overall knowledge and expertise relating to inclusion.
- Resources for a range of services for children and groups;
- Supports for educators in completing developmental screenings and other related screening tools or forms of data collection.
- Interactions in playrooms to build relationships and knowledge through observations, co-learning, co-creating mentoring and resources.
- Information on child development and exceptionalities.
- Connecting program staff with specialized services and agencies within our community.

Should support beyond a Program Inclusion Plan be required, an additional consent form from parents/guardians will be completed by the childcare program team with the child's guardian/family.

If you require additional information on the services offered by CCR, please do not hesitate to discuss with the consultant, educator or program supervisor.

Brown Bag Lunch Policy

For all youth attending our FDK Extended Day and School Age Programs

Discovery Early Learning & Care has a Brown Bag Lunch Policy that applies to all children attending school. On full days of care, these children will be required to provide their own.

The day care will continue to provide a morning and afternoon snack while in program. Milk will also be provided to children for their lunch and morning snack when they are having cereal.

Please note the following:

1. The Ministry of Education, our licensing body, has been working with early learning programs with regards to “Brown Bag Lunch Policies”. A copy of Canada’s Food Guide is also available upon request.
2. Parents /Guardian are requested to pack a “Brown Bag Lunch” and include an ice pack and refillable labelled water bottle for frequent access of water during the day.
3. All Discovery Early Learning & Care sites are peanut and nut safe environments and for this reason all the rules and recommendations with regards to this policy must be adhered to. On occasion there are some children with severe allergies to some specific foods and we will support those children and ask that you refrain from packing these food items in your child’s lunch. We only want to keep all of our children safe. A notice will be provided to you in advance of any additional high risk foods.
4. In the rare circumstances that a child forgets his/her lunch, appropriate action on the part of the child care centre will be taken in order to provide a lunch substitute. We will also contact you in case you would like to return with a prepared lunch for your child.

I have read, understand and am in agreement with the above Brown Bag Lunch Policy:
